# SOCKET SET MERCHANDISERS

Place one of these set displays in your store for a fresh, new merchandising approach. Order the merchandiser that best fulfills the needs of your particular operation. Meet any changing needs by reordering from thirty different fast-selling sets designed for this display.

Merchandisers may be used either free-standing or as wall display units. Back-up cards identify each set for quick, easy restocking and inventory control.

Sets are offered in a variety of popular drive and socket sizes, including six and twelve point openings. Both metric and fractional sets are available. Merchandiser contents are listed on page 11.

# SELF SERVICE MERCHANDISING

In today's economy you need an effective self-service approach and CHALLENGER'S carded tool merchandising program provides it. These new point-of-purchase merchandisers are organized to end customer confusion and indecision. They motivate your customer to buy!

The program consists of seven individual merchandisers which, when assembled, display a complete selection of heart-of-the-line mechanics' tools. Each of the merchandisers may be purchased separately, if desired.

Installation takes but a few minutes. Each wire display comes with a vinyl backing marked with the outline and re-order number for each card, making inventory control and restocking an easy task.

Each modular display is 12" x 47". (The 420 and 460 merchandisers each consist of two 12" x 47" displays. Both these double displays are sold as single units.) The complete package of seven merchandisers requires only 36 square feet and could become one of the highest turnover and profit per square foot areas in your store.

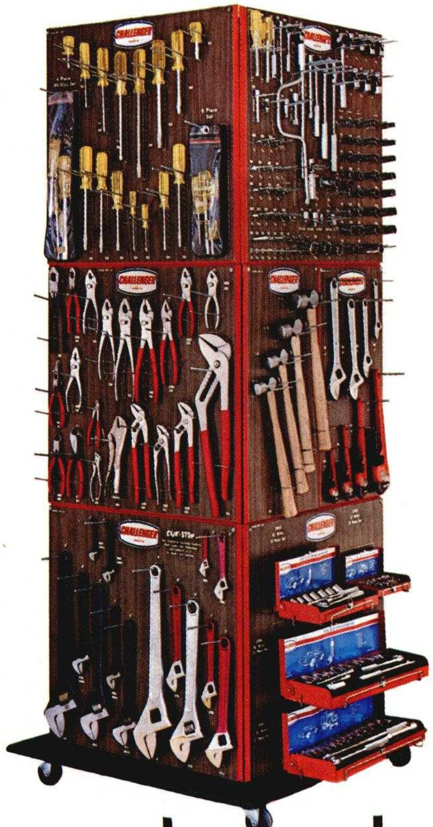
# FLOOR MERCHANDISERS

Design your tool department to meet your own individual business requirements. Pick one or more of the merchandisers shown below, then select any combination of 2′ x 2′ and/or 1′ x 2′ panels of your choice pictured on pages 3, 4 and 5. It's as simple as that!



## 898-MDR PANEL MERCHANDISER

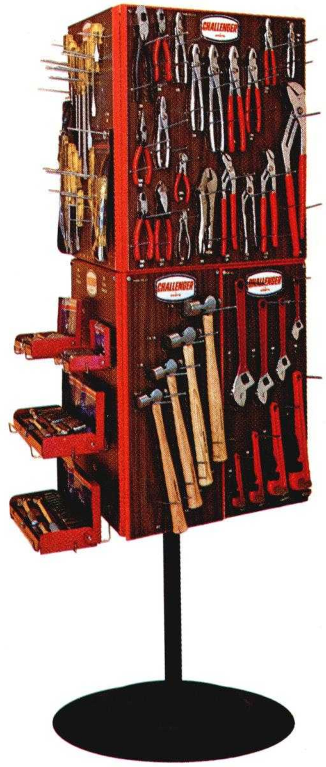
***(Tools and Panels not included)***

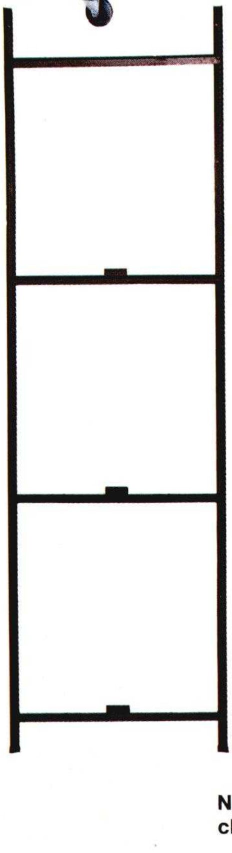
This four sided merchandiser displays any twelve 2′ x 2′ panels or combination of 2′ x 2′ and 1′ x 2′ panels shown on pages 3, 4 and 5. Allows you to "tailor-make" your tool department by selecting the tool panels that best fill your needs. Requires only six square feet of floor space. Four heavy duty casters permit easy movement.

## 890-MDR ROTATING PANEL MERCHANDISER

***(Tools and Panels not included)***

This three-sided merchandiser displays any six 2′ x 2′ panels, twelve 1′ x 2′ panels or combination of 2′ x 2′ and 1′ x 2′ panels of your choice shown on pages 3, 4 and 5. Rotates easily for full tool display. Requires only two square feet of floor space.



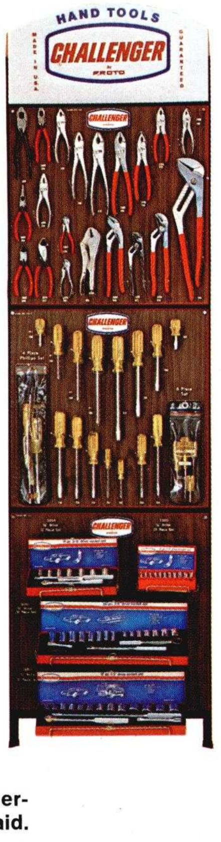


## 895-MDR PANEL MERCHANDISER

***(Tools and Panels not included)***

A complete flexible display unit. Each modular welded steel section displays any three 2′ x 2′ panels or six 1′ x 2′ panels shown on pages 3, 4 and 5 or a combination of both. Individual sections can be quickly bolted together to form a flush wall unit, a four-sided free-standing unit around an unsightly or awkwardly placed piller or an attractive island display unit like the one pictured at right. Panels of your choice are held in place by pins and are easily installed or rearranged as desired. Modular steel frames come with all hardware included. (For sign only order No. 398.)

A FREE Bonus Package of fast-selling Challenger tools is shipped with each of the above merchandisers. When tools are sold at suggested user net they more than offset the cost of the display.



**NOTE: Above displays ordered complete with panel merchandisers and tools will be drop shipped freight prepaid.**

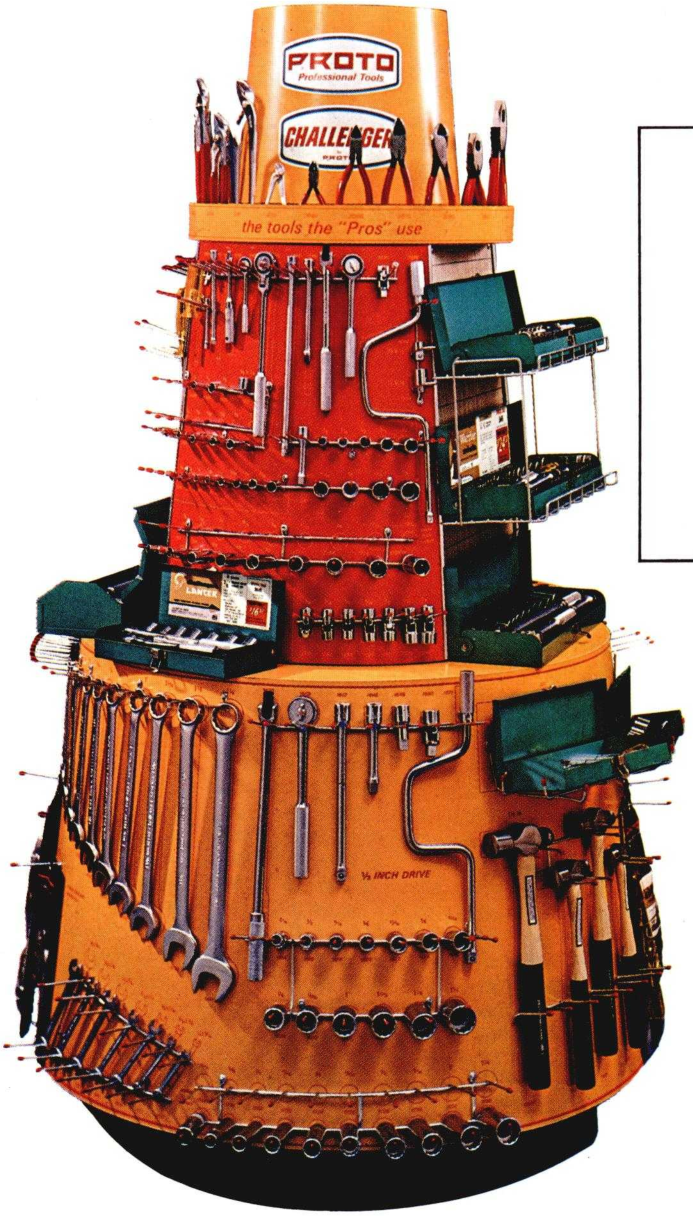
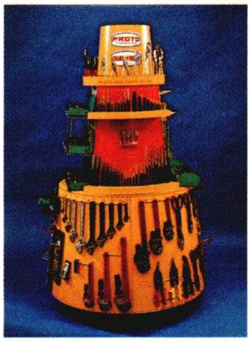
# THE HOTTEST SELLING TOOL COMBINATION EVER PUT ON A ROTATING MERCHANDISER!!

**PC100.** An attractive self-selling tool department that displays the same fast selling CHALLENGER and PROTO tools as the WA-100 pictured and described on page 9. The merchandiser is colorful and rotates easily to display every tool. It invites your customers to see, try and buy! Each tool location has its own outline, size and part number for quick, easy selection and restocking. The entire merchandiser requires a floor area only 42" in diameter.





OPPOSITE SIDE

Every PC100 comes with a FREE bonus package of tools — extra tools like those on the merchandiser. When sold at suggested user net, they more than offset the cost of the display. Merchandisers ordered complete with tools will be drop shipped freight prepaid.
